

Dear Mount Vernon and GWMP Neighbors and Friends: Due to some technical difficulties, Mount Vernon Circle Environmental Assessment will not be available starting February 12, 2004. We apologize for the delay and inconvenience this may cause. We expect to have the EA available and posted by February 23, 2004. We will announce the availability of the EA as soon as we have it in the final format. Thanks for your patience and understanding in this matter.
